

Acknowledgements

We would like to thank all those who, in one way or another, have helped us in giving this Congress its own character, form and structure: the invited speakers, introducers and commentators, the speakers and poster presenters, the referees, the members of the Programme Committee, the Euralex Board members, the chairpersons of the different sections, the University Conference Service and all other contributors and volunteers at home and abroad. Many of them had a crucial role to fulfil and carried it out with great enthusiasm and dedication. All of them deserve our most sincere thanks.

Moreover we also wish to thank all our sponsors for the financial support received. Without their help the actual organization of the Congress never could have been started up, nor being realized at all.

We can but hope that all of them consider the result worthwhile the effort and are convinced of our profound gratitude.
